## DEAR colleagues,

Welcome to Greece

Welcome to the 4th Sports & Exercise Medicine Summer Course

After three successful meetings in various places in Greece, we set up our appointment to meet again at the end of August, this time in Kalamata in Peloponnese. ISMuLT invites you to participate in a 5-day summer course, where well known sports medicine physicians and sports specialists will present up-to-date knowledge about sports injuries (diagnosis-prevention-treatment and rehabilitation) and teach on rehabilitation techniques in workshops.

Get trained, relax and enjoy the Greek summer in a beautiful seaside setting, just a few kilometers from the second biggest city of Peloponnese.

Enjoy the course and your stay in Kalamata!

Best regards,

**Thanos Badekas**

President of the local Organizing Committee of 4th Sports & Exercise Medicine Summer Course
